Government and Defense Clients

For almost one decade, **SpecialtyAutomated** offers the best and largest selection of innovative software and Internet tests to screen for vision, cognition, driving, transport skills, and the like. **SpecialtyAutomated** tests include self-service, rapid, and validated computerized tests in multiple platforms and languages. **SpecialtyAutomated** revolutionizes the field of automated testing with its proprietary versions of clock drawing tests, trail making tests, dynamic visual acuity tests, transport skills, and others. **SpecialtyAutomated** is now honored to support Traumatic Brain Injury (TBI) testing of our heroes, our armed forces and veterans. Each year, thousands of **SpecialtyAutomated** tests are designed and sold.
