- Ideal assistive technology
- Optimized for repeated administration
- Developed in accordance with standards by the International Council of Ophthalmology
- Compliant with 21 CFR Part 11, HIPPA, ICH GCP, & ISO 9001:2000

## Online Testing

This is the quickest online static visual acuity (SVA) screening test battery. Instant scores, reports, statistics, and feedback are provided through our unique web-based application that enables simultaneous review and comparison of data in real time.

Contrast sensitivity and SVA, combined, are recommended for a stronger measure of visual acuity. Ambient light and weather conditions are standard features in this vision skills battery that enable vision testing unlike anything available.

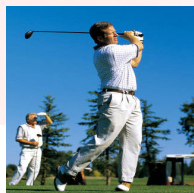

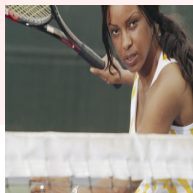

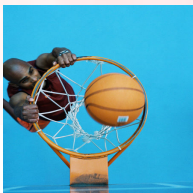

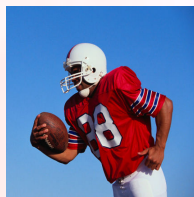

Now coaches and sport teams can select the very best players and also allow athletes to benefit from powerful vision training and exercises.

Click and connect your sport teams to optimize visual performance of your athletes.

*Start screening, training, and monitoring athletes now using the SVS-SM-08 by SpecialtyAutomated™.*

## Screens

- Static visual acuity
- Sign recognition
- Solar glare recovery & night glare recovery
- Weather vision & wind vision
- Contrast sensitivity ("fog vision")
- Night visual acuity
- Stereopsis
- Optional color perception
