## Automated Operation

**SpecialtyAutomated™** introduces the first and only fully computerized static visual acuity and dynamic visual acuity screening test package for hospitals, clinics, and rehabilitation centers. Instant scores, and feedback are provided through our unique software application. Reduce wait time and equipment costs associated with manual and semi-computerized vision screening tests now. No other test compares.

The National Academy of Sciences reports that dynamic visual acuity is "...most predictive of real-world task performance...." Contrast sensitivity and visual acuity, combined, are powerful measures of visual acuity that are also reliable predictor of crash probability.

**Improve driver safety now.**

Automate your office today.

*Start screening and monitoring patients now using the VA-MEDI-07 by SpecialtyAutomated™.*
